Product introduction

This item you bought is our Brand New COMMERCIAL BEAUTY SALON SHAMPOO ACRYLIC FIBER SINK/BOWL. This black-coated gloss finish sink is extremely durable light weight, stylish and easy to clean. It comes with all accessories and fixtures. Our Shampoo Sink is designed especially for Beauty Salons, Spas or Barbershops.

This shampoo sink is designed to be Wider and Deeper Which Provides More Work Area. Made of Injection Molded Plastic, Tougher, And Stronger and Eliminates Stains or Fading. Wall-Mounted Bracket is Easy for Installing on Wall.

Installation and assembly guide of the wall-mounted shampoo sink:

Things You May Need:

- Marker/Pencil
- Measuring tape
- Drill
- 1/4 inch drill bit
- Plumber's putty
- Plumber's tape
- Adjustable wrench

1. Installing the drainer:

Insert the drain into the bathroom sink opening and press down on the drain flange to seat it into position.

Slide the rubber washer over the threaded section of the sink drain. Thread the lock nut onto the threaded section of the drain from underneath and tighten it with the wrench. Screw the steel filter screen if you have.
DO NOT OVERTIGHTEN

2. Installing the faucet and vacuum breaker(see picture B & C)Faucet:

Take the locking plate off the faucet bottom and insert the faucet into position on the shampoo sink. Roll the locking plate back to the bottom of the faucet from underneath to secure the faucet on the sink with the wrench. Hold the faucet in your hand or have an assistant hold it while you position yourself

underneath the sink in case it falls down and hit someone.

Wrap the outlet on the faucet with plumber's tape. Connect the metal coupling on one end of the water supply hose to the water supply valve. (One for hot water, the other is for cold water.) Tighten with the wrench. Connect the short outlet of the faucet to the inlet on the vacuum breaker.

Vacuum breaker

Roll out the copper plumbing with the rubber washer and press them into the position from the underside of the sink, place the rubber washer between the breaker head and the sink, then secure the breaker head and copper plumbing with the wrench.

Wrap the inlet and outlet on the breaker and with plumber's tape. Connect the metal coupling on the double connector hose. One for faucet outlet, the other is for shower hose. Please be aware of the arrow marks when installing. Tighten them with the wrench.(DO NOT OVERTIGHTEN)

NOTE: Install the vacuum breaker as shown. If the vacuum breaker is installed backwards, it will interfere with the Whiz Spray.

3. Installing the Shower

Put the shower hose through the shower stand; attach the shower hose connector to the Vacuum Breaker outlet.

4. Installing the supporting bracket and secure the bowl

Measure out the proper height for the bracket and mark the drill holes as needed and drill anchor holes. Insert the anchors into the wall, ensuring that they [the upper four holes] are flush.

Position the mounting bracket and secure with the screws to the wall.

Hang the plastic sink onto the bracket. Use the bolt provided to support the rear bottom against the wall. Now you can enjoy using your salon basin!

Warning:

Warranty is void if there's any deliberate destroying or damage caused by improper installation or application.

- **CLEANING INSTRUCTIONS:**
- Use non-abrasive soap and water, **DO NOT USE ABRASIVE CLEANSERS** which will dull the sparkling surface of your bowl.
